

LIFE DISRUPTED

... I DIED!

Laurie MacBrown Photography

HER WHY: A near-death scuba diving incident and three days in critical condition changed Jackie's life. The incident left her questioning her career, her path and her purpose. As she passed over to the other side, surrounded by grace, the Universe left her a very clear message: "You haven't been listening to the signs and signals. You have been blessed with many gifts and talents. Share them to help others become more confident and successful in what they do. You have a new path ahead."

HER EXPERIENCE: As a record-breaking, award-winning Sales Expert, both in Corporate and as a highly successful Entrepreneur, Jackie felt that the success she achieved prior to her scuba diving holiday (including winning the coveted nomination as RBC Women Entrepreneur of Canada Award) was now hollow.

THE NEW PATH: Yes, she had achieved phenomenal success as a woman in the male dominated world of construction, but she looked deep in her heart and knew that helping others was now her purpose. Her new path began!

Today, she shares her knowledge, stories and experience as a **SPEAKER, AUTHOR** and **SALES EXPERT** empowering others to be more confident and successful in sales and in life!

THE PASSION: She encourages people to claim their personal brilliance to live more genuine, authentic, gratifying and abundant lives. She inspires them to be fearless and courageous both in sales and in their everyday lives; to follow their path, purpose and passion so they can live the lives they dream of. Jackie believes we need to let go of the expectations of others, to surround ourselves with fabulous supportive and like-minded people and unveil the masks we all live behind as we are all unique and special - we are all good enough AS IS!
